Carolyn & Geoff Wild,

4686 N. Grandview Flats Rd., Armstrong, BC
250-546-6561 home 250-309-4142 cell

Wild Acres believes in quality not quantity. Orders are limited each year as we have smaller breeding flocks. We start selling hatching eggs in mid-April and we only sell day-old chicks and ducklings in May and June. All chicks and ducklings are sold unsexed (approx. 50% male and 50% female) **We do not vaccinate our chicks**, but we do follow biosecurity protocols. We no longer ship chicks or ducklings. All livestock will be picked up at our farm gate by appointment on Sunday afternoons.

We do not take Visa, personal cheques nor money orders. There is a 20% deposit on chick and waterfowl orders (min. of \$20 deposit on small orders) sent to us via Interac email transfer to info@wildacres.ca Please contact us via email if you have any questions in regards to our online store order form and we will assist you.

We do not sell pullets, laying hens, roosters or other adult birds. We do not offer refunds or take back any birds once they are hatched or purchased and leave our property due to biosecurity reasons. **We do not ship eggs nor poultry to other countries.**

Hatching eggs are shipped to BC, YT, AB, SK, MB and ON in April, May and June depending on availability via Xpresspost only. Please see our webpage [Hatching Eggs | Wild Acres](#) regarding the shipment of eggs. We will not ship less than a dozen eggs, but you can have more than one breed in that dozen. All eggs are dated and labelled as to what type they are with pencil. We require a \$20 deposit per order on fertile eggs to reserve them for you. All eggs must be paid in full before shipping.

While we take every care in preparing eggs for shipping, they are dispatched completely at your own risk. We do not offer refunds or replacements in the event of breakages, internal damage caused during shipping, or poor hatches. Remember you are buying EGGS, not guaranteed chicks. **Expect a 50% loss or more on shipped eggs and there will be losses on picked up eggs as well. Therefore, we do not refund, replace nor credit hatching eggs and we do not offer refunds on deposits unless we can't supply the order. Canada Post does not insure hatching eggs nor offer refunds.**

Please note: We only ship via Canada Post. Due to the Covid-19 pandemic, things are moving more slowly at Canada Post. They have waived guaranteed delivery times for all parcels. To read more about Canada Post's new protocols and potential delays visit www.canadapost.ca **Your patience & kindness is appreciated!** *See our policy pages. <https://wildacres.ca/shipping-eggs/>
